NEWS of UGSVS Advisory Committee

“Importance of research ethics education”

This year, importance of research ethics education is familiarized several times. For next year, research ethics education is required to apply for scientific research fund. Therefore, UGSVS also makes the education obligatory from the next fiscal year. In order to do this, we need the support by member universities.

“Implementing progress report for research at each university”

According to Progress situation, we ask students to make a presentation at Special lecture at 1st grade, Advanced Laboratory Experiments by secondary assistant advisor at 2nd grade and Midterm Debrief Session at 3rd grade. Some of member universities have already set up opportunity for students to report their research, and we ask all universities to set up this opportunity, “progress report” by oral or poster presentation from coming fiscal year. Please help us improve students’ research.

ACTIVITIES of UGSVS

「The Joint Symposium of the 6th Veterinary Research and the 3rd Veterinary Education among Universities of Veterinary Medicine in East Asia」

The Joint Symposium was held on February 2nd and 3rd at National Taiwan University(NTU). Participating universities for this year were Seoul National University, NTU, Vietnam National University of Agriculture, UGSVS Yamaguchi Univ., Tokyo Univ. and us. From UGSVS, 8 faculty members and 9 graduate students participated. Students gave oral presentations and participants deepened international exchange. Over 100 participants from 4 countries attended at the Joint Symposium, and it was very active. UGSVS reinforces international exchange and asks more students to participate.
