Workshop Description

This workshop is an opportunity for Canadian, Japanese, and Vietnamese researchers working on composite design, analysis, and manufacturing to gather for an intimate conference focused on new and emerging technology and practice. In addition to a robust technical program, attendees will also be able to explore Takayama's many cultural and natural amenities.

Scope

The scope of the 12th Joint Canada-Japan/2nd Joint Canada-Japan-Vietnam Workshop on Composites spans across all areas of composite design and manufacturing. The organizing committee is actively seeking papers focused on fundamental research, engineering R&D and industrial applications with the intention of promoting the innovative use of knowledge in equal measure to its creation.

Submission of papers

Abstracts are due by February 28, 2018 (EST). Full-papers are due by May 31, 2018 (EST). Please see: https://www1.gifu-u.ac.jp/~cjvwc/paper_submission.html

Proceedings

The conference proceedings will be distributed on USB memories to participants at the conference site. Afterward, the conference proceedings will be published.

Industrial visits and sightseeing:

Visit to **Mitsubishi Heavy Industry** and **Toray Carbon Magic** is planned. A sightseeing afternoon in the region of Hida-Takayama is also planned.

12th Joint Canada-Japan Workshop on Composites

And

2nd Joint Canada-Japan-Vietnam Workshop on Composites

Takayama, Japan, July 4-7, 2018

Abstract Due Date: 2018-02-28

Registration

Full registration: \$500 USD. (Includes sessions, coffee breaks, lunch, opening reception)

Student registration: \$200 USD.

Banquet dinner: \$100 USD. (The banquet dinner is excluded from the full and student registration fees).

Conference Founders:

Dr. H. Hamada
Dr. S. V. Hoa

Kyoto Institute of Technology
Concordia University

Japan
Canada

Executive Committee:

Dr. A. Nakai
Dr. Nguyen Dinh Duc
Dr. L. Laberge Lebel

Gifu University
Vietnam National University, Hanoi
Polytechnique Montreal

Japan
Vietnam
Canada

Advisory Committee:

Dr. G. Akhras, The Royal Military College of Canada
Dr. B. Ashrafi, National Research Council Canada
Dr. C. Ayranci, University of Alberta, Canada
Dr. R. Cole, National Research Council Canada
Dr. M. Hojjati, Concordia University, Canada
Dr. A. Johnston, National Research Council Canada
Dr. M. Kitamura, Hokuriku Fibre Glass Co., Ltd, Japan
Dr. F. Ko, University of British Columbia, Canada
Dr. T. Kurashiki, Osaka University, Japan
Dr. B. Landry, University of Moncton, Canada
Dr. G. LaPlante, University of Moncton, Canada
Dr. L. Lessard, McGill University, Canada
Dr. X. Maldague, University Laval, Canada
Dr. A. Maslouhi, University de Sherbrooke, Canada
Dr. P. Mertiny, University of Alberta, Canada
Dr. M. Misra, University of Guelph, Canada
Dr. A. Mohanty, University of Guelph, Canada
Dr. J. Montesano, University of Waterloo, Canada

Dr. Y. Nakanishi, Mie University, Japan
Dr. H. Nakatani, Osaka City University, Japan
Dr. A.D. Ngo, Ecole de Technologie Superieure, Canada
Dr. S. Ogihara, Tokyo University of Science, Japan
Dr. Y. Okabe, The University of Tokyo, Japan
Dr. A. Otani, Kyoto Institute of Technology, Japan
Dr. C. Poon, Ryerson University, Canada
Dr. A. Poursartip, University of British Columbia, Canada
Dr. F. Robitaille, University of Ottawa, Canada
Dr. G. Sasaki, Hiroshima University, Japan
Dr. A.A. Shafaroudi, McGill University, Canada
Dr. M. Takagi, Kaji Group Co.Ltd., Japan
Dr. Pham Duc Thang, Vietnam National University, Hanoi, Vietnam
Dr. M. Ueda, Nihon University, Japan
Dr. T. Uozumi, Murata Machinery, LTD., Japan
Dr. R. Vaziri, University of British Columbia, Canada
Dr. T. Yokozeki, The University of Tokyo, Japan

How to travel to Takayama by Train:

- 3h17 from Nagoya Central Japan Intl. Airport (NGO)
- 4h20 from Osaka Kansai International Airport (KIX)
- 5h30 min from Tokyo Narita Intl. Airport (NRT)

Chartered bus transport will be organized
